## Completing your Course Selection

Please ensure you have read your Course Selection Handbook carefully prior to your counselling session and understand the requirements, expectations and prerequisites for each course and pathway. You must select a Pathway and Courses which will offer you an opportunity for success and which will best allow you to achieve a WACE and/or entry into further study at TAFE or University.

When completing your selections overleaf you must adhere to the following:

1. You must select **ONE** course on each row only. Your selection will be based on your OLN results and your grades achieved in Semester One in relation to the prerequisites for each course. If you have not achieved the required grade you will not be able to select that course.
2. All students **MUST** select an English course. Students who have achieved a Category 1 or 2 in the OLN and a D or E grade for English **should** select General EALD English or General English. Category 3 OLN Reading and Writing students who also achieved an A or B grade in English can select ATAR English. Inclusive Education students are to select the Preliminary English course.
3. Only students who have achieved the prerequisite Grade in Year 10 Maths and who have met OLN numeracy requirements will be allowed to select ATAR Mathematics. Students who have Category 1 or 2 for Numeracy should select General Maths Essential. Inclusive Education students are to select the Preliminary Mathematics course.
4. Please ensure you have selected at least one course from List A and one from List B.
5. Students may only select **ONE** Vocational Education and Training (VET) certificate course unless they are enrolling in an Industry Specific program.
